

CONSTRUCTION TRAFFIC ADVISORY

De Forest Road Improvements

April 16, 2007 through May 21, 2007

De Forest Road will be limited to one lane of traffic in each direction. Improvements are being made to accommodate bus traffic for the new Marina Transit Exchange.

Please consider the safety of postal patrons and construction workers:

- Obey traffic detours and construction traffic control.
- Adhere to posted speed limits.
- Be aware of construction workers and pedestrian traffic.
- Be patient and courteous.

With your cooperation De Forest Road improvements will proceed quickly and we will all be able to enjoy MST's new Marina Transit Exchange Facility. Please contact DMC Construction at 831-656-1600 if you have any questions or concerns.

Thank you,

TRAFFIC CONTROL PLAN - RESERVATION RD & DE FOREST RD
